Our Plant Guarantee

*"A tree's leaves may be ever so good,
so may its bark, so may its wood;
But unless you put the right thing to its root,
It never will show much flower or fruit."
--Robert Frost*

Our trees, shrubs, and fruit trees are guaranteed for one full year at 100% of the purchase price. We guarantee evergreen azaleas, perennials, small fruits, and roses for 90 days at 100% of the purchase price. Annuals, houseplants, water plants, and herbs are not guaranteed, but we will work with you to be successful. Clearance items are excluded from a guarantee. Any exceptions will be clearly marked on the label accompanying the plant.

If your plant dies, bring it back with your sales receipt.

We will give you a credit towards a new plant of your choice.

Plants are living organisms that require tender loving care. If you have any questions about how to grow and care for your plant, ask any of our experts for the proper advice. We want you to be successful.

If you mention that you are a "Great Gardener" at the checkout, we will be able to keep track of all of your guaranteed items on computer, and you do not need your receipt if you have a problem with a plant. Just another great reason to sign up to be a "Great Gardener".

Extend Your Plant Guarantee!

Purchase and use our 1-2-3 Program for all of your new plantings and we'll extend your guarantee--up to 2 years!

- 1 year guarantee goes to 2 years
- 90 day guarantee gets extended to the end of the season, or October 1st.

We use 1-2-3 plus SoilSoup on all of our planting jobs because it insures success and satisfaction.

1

Bumper Crop

A blend of sphagnum peat moss, composted fish bones & lobster shells, composted chicken & cow manure, peat humus, blood meal, kelp/seaweed and aged bark fines. An all purpose pre-fertilized planting and garden soil amendment. Excels as a nutrient rich top dressing and mulch.

2

Master Start

A starter fertilizer formulated to supply adequate nitrogen to new plantings and greater amounts of phosphorous and potassium to aid in the development of a strong root and stem structure. In addition to N-P-K, Master Start contains calcium, iron, manganese and zinc. Formulated with Nitroform Nitrogen Use for all plantings including lawns.

3

Root Master

Contains plant hormones and nutrients that reduce transplant shock and stimulates healthy new roots. Use on all new plantings or any established plants that are showing signs of stress to encourage root development. Perfect to use on existing plants to stimulate root growth!
